Further FIS relationships

Sport Accord is the perminant liason between international sports federations for the defence of their objectives and common goals.

The World Anti-Doping Agency's mission is to lead a collaborative worldwide movement for doping-free sport.

The Association of International Olympic Winter Sports Federations works in close **cooperation** with IF's which govern a sport featured on the Olympic Programme.

What is The FIS Development Programme (FDP)?

- Programme initiated in **1996** by the FIS Council.
- Funded by World Championship Candidates registration fees.
 - Participation in activities for nations with one vote at the Congress.

FDP Activities 2015/16

Leader's Seminar: in FDP member nation or at FIS Congress alternate years

Youth & Children's Seminar: FIS
Technical Committee Meetings, Zurich

Alpine, Nordic, Freestyle and Snowboard Training Camps: summer and winter camps.

Training Camps

- Support developing ski nations improve performance levels of athletes, coaches and know-how
- Enable more nations to participate and develop programmes and competence, such as qualification for Olympic Winter Games
- Training Camps not a substitute for activities of the NSAs, but an enhancement, helping develop knowledge and contacts
- Facilitate activities between groups of nations outside FIS training camps

FIS Solidarity Support

66

To support skiing on a worldwide basis, and assist new and developing nations within means.

FIS Solidarity introduced in 2002

Assist projects or activities not part of regular day-to-day work of a National Ski Association and for which the applicant has shown initiative and efforts obtaining support from other sources.

FIS Sustainability

The FIS Mission includes the **commitment** to **protection** of the **environment**.

FIS World Championship Organisers have clear obligations to integrate a comprehensive **environmental policy** and **actions**.

Development underway of a **new programme** to **support and promote** sustainable practices in snow sports.

Areas of activity include:

Venue Energy Water
